It is a most interesting flight, with the peaks of the Greater Himalaya clearly visible through the right-hand window as we travel westwards. Particularly prominent are Manaslu and the Annapurna group as we approach the airport at Pokhara. Getting off the plane and into the heat of Pokhara is impressive, as is the sight of the snow peaks of the Annapurna Himal which form the skyline to the north.

**Arrive Pokhara, you will be met by our representative and transferred to Shangri-La Village**

### Phewa Lake at Pokhara

**Pokhara** is situated at an elevation of 915 m above sea level. The richness of valley in pure natural beauty is indeed one of the main attractions to the visitors from all over the world. Just imagine the joy of observing the majestic Himalayas, three peaks above 8000m from an elevation of below 1000m within a very close aerial, distance. The valley is equally superb giving as they do elevated close-ups to the snowy peaks. The serenity of Phewa Lake and the magnificence summits like Machhapuchhre (Fishtail) (6977m) and the five peaks of Annapurna range rising behind it create an ambience of peace and magic. Pokhara is the land of the Magars and Gurungs who have earned worldwide fame as Gurkha soldiers. Brahmins, Chhetris and Thakalis are other major communities here.

Check in at Shangri-La Village Resort

**The Shangri-La Village** nestles in the tranquil heart of Pokhara. The great getaway of Nepal - beneath a towering rampart of majestic show peaks. Every room offers a spectacular view. Architecture inspired by the forms and textures of Village Nepal, charming gardens, reflecting pools that mirror the splendour of the Himalayas, a swimming pool that uses also a waterfall.... These are some of the wonderful surprises that the Shangri-La Village has in store for its guests.

**Shangri-La Village Resort** is a functional resort for the most. It is also comfortable, and fulfils a brief where it manages to incorporate village elements in its design. The overall effect is pleasing, especially, as noted before, the garden, which is really spectacular. The way the profile of the Shangri-La Village Resort is spread out and broken up into split levels is a unique feature, saving it from becoming a concrete block trying to call itself a village.

**For Golfers**

**You will be taken to Himalayan Golf Course in a private vehicle for Golf (it will be approx 20 minutes drive from your hotel)**

**One round of golf - 9 holes golf at Himalayan Golf Course (approx 3 hrs)**

**The Himalayan Golf Course**, Pokhara is the place to head for in Nepal. It's a must for the golfing connoisseur. Considered by many to be one of the 10 most unique golf courses in the world.

Adventure golf at its truest, the course's includes some of the most visually dynamic holes known to golf. Himalayan Golf Course has certainly been very successful in putting Pokhara in the golfer's map. The course was designed and constructed by an Ex British Army Sandhurst commissioned officer Major Ram Gurung MBE , and opened for play in January 1998. The course has been the venue for the Nepal Surya Western (professional) Open for the past twelve years.

Himalayan Golf Course is located just 7 km away from downtown Pokhara, the twice played 9 hole course is well laid out for championships at 6,900 yards with a par of 73. It has 11 greens and different tee positions and lies for the most part inside a sweeping canyon created by the Himalayan snowed waters of the Bijayapur river.

**For Non Golfers**

**Afternoon, you will be taken to Phewa Lake for boat ride (approx 1 hr) including visit of Barahi Temple( island temple) its in middle.**

**Phewa Lake**, the second largest lake in the country, is the center of all attraction in Pokhara. It is the largest and most enchanting of the three lakes that add to the resplendence of Pokhara. The **Barahi Temple** is the most important monument in Pokhara; Built almost in the center of Phewa Lake, this two-storied pagoda is dedicated to the boar manifestation of Ajima, the protector deity representing the female force Shakti.

**Free time or walking around lakeside market**

**Lakeside**-The eastern shore of Phewa Lake, popularly known as lakeside or Baidam, is the favorite home base for travelers and is where most of the hotels, restaurants and handicraft shops are located.

Overnight at **Shangri-La Village Resort**

(Annapurna South 7195, Annapurna I 7647, Machhapuchhre 6997, Annapurna III 7555, Annapurna II 7937, Annapurna IV 7525, Lamjung Himal 6986.). Please note that mountains view are weather permitting

Breakfast at **Shangri-La Village Resort**

**You will be taken to Himalayan Golf Course in a private vehicle for Golf (it will be approx 15 minutes drive from your hotel)**

## For Golfers

**One round of golf - 9 holes golf at The Yeti's Golf Course- Fulbari Resort**

The Fulbari Resort & Spa is the only property in Pokhara to have its own golf course, The Yeti's Golf Course. It is a 9 Hole Executive Golf Course, designed to be Nepal's most iconic and unique course that challenges not only amateurs but even pros. Overlooking the Seti River gorge, players not only have to navigate the usual water hazards and sand traps, but also the 300 ft. gorges that intersect some holes.

One needs 1 hour and 30 minutes to finish the first round of the holes. Sounds easy? But wait! It's quite difficult because of the deliberate small greens, narrow fairways and closed out-of bound (O/B) fenced with surrounding water ponds. Although only 9 holes the use of alternate tees, greens, and pin positions, gives the feeling of playing a full 18 hole layout. The location is spectacular and a number of the tee shots across the Seti Gorge will mentally challenge even the very best golfer. But the area is tranquil, the views of the Himalayas to the north, and the Seti River far below, stunning, and by the 19th hole you really will have earned your refreshment.

## For non golfers

This afternoon, we'll visit the **Mountain Museum** housing expedition memorabilia and information on ethnic groups, flora and fauna. We'll also visit Tashiling, a long established settlement of **Tibetan refugees**. We spend some time here watching wool being sorted, dyed and eventually made into Tibetan carpets which are exported all over the world.

Light weight clothing is recommended from May through October. Warm garments are required in October- March. An umbrella or a raincoat is a must for the rainy season (May to August)

**Packing for your trip**

Here we make a few specific recommendations with regard to your tour. Please use this list as a guideline. Adjustments to the list can be done according to your needs, interests, duration of your trip, season of your trip, etc.

**Luggage:** One main piece of baggage and a daypack. You will find it more convenient to travel light when outside Kathmandu. Any extra luggage can be stored in Kathmandu hotel. Total allowance: 44lbs/20kgs.

**Clothing:** You can expect to wear short sleeved shirts and t-shirts during the day in the Spring and Autumn months but it does get cool in the evening, so bring some warmer clothing as well (especially in Dec/Jan as these are the coldest months). It's worth bringing a good quality waterproof. No bright coloured clothing for Chitwan. Do not wear lycra tights or leggings or very short shorts as the Nepalese find these offensive.

**Footwear:** Comfortable shoes (eg. trainers) and sandals, plus lightweight boots if you wish to take part in any walks.

**Equipment:** A torch. Binoculars for animal & bird watching in Chitwan National Park, a universal bath plug and antibacterial hand wash, are useful to have along.

**Pre-Trip Meeting**

On the second day of the itinerary (before you departure for the city tour- about 8 AM), we host a Pre-Trip short Meeting at the hotel by your our guide. The primary purpose of the

meeting is to provide tour briefing and other practical information regarding trip.

Please bring the following thing on the meeting

- ❖ Passport copy
- ❖ Travel Insurance Policy

### Electricity in Nepal

Nepal's Electricity is 220-240 Volts and 50 MHZ (some countries like U.S and Canada are 110-120 volts/60 MHZ).

- In Nepal electric Plugs are of two or three round prongs, but not flat prongs as found in use in the United States or in other countries.
- If your appliance's plug doesn't match the shape of these sockets, you will need a travel plug adapter in order to plug in. Travel plug adapters simply change the shape of your appliance's plug to match whatever type of socket you need to plug into. It's crucial to be able to plug in no matter what, bring an adapter for both types.
- If you are planning on taking a hair dryer, electric shaver, curling iron, laptop computer or other electrical devices on your travels, in these cases, you will need to obtain either a voltage adapter (electrical converter) or a plug adapter for your travels, most often both. Most voltage adapters for travel convert 220-240 to 110-120, usable by your American and similar appliance. A plug adapter, on the other hand, allows you to plug into a foreign outlet.

### Note on Itinerary

Normally the tips are given at the end of the trek and this is best done as a group.
